

ARCHITECTURAL HARDWARE

FROST
DENMARK

ARCHITECTURAL HARDWARE

...

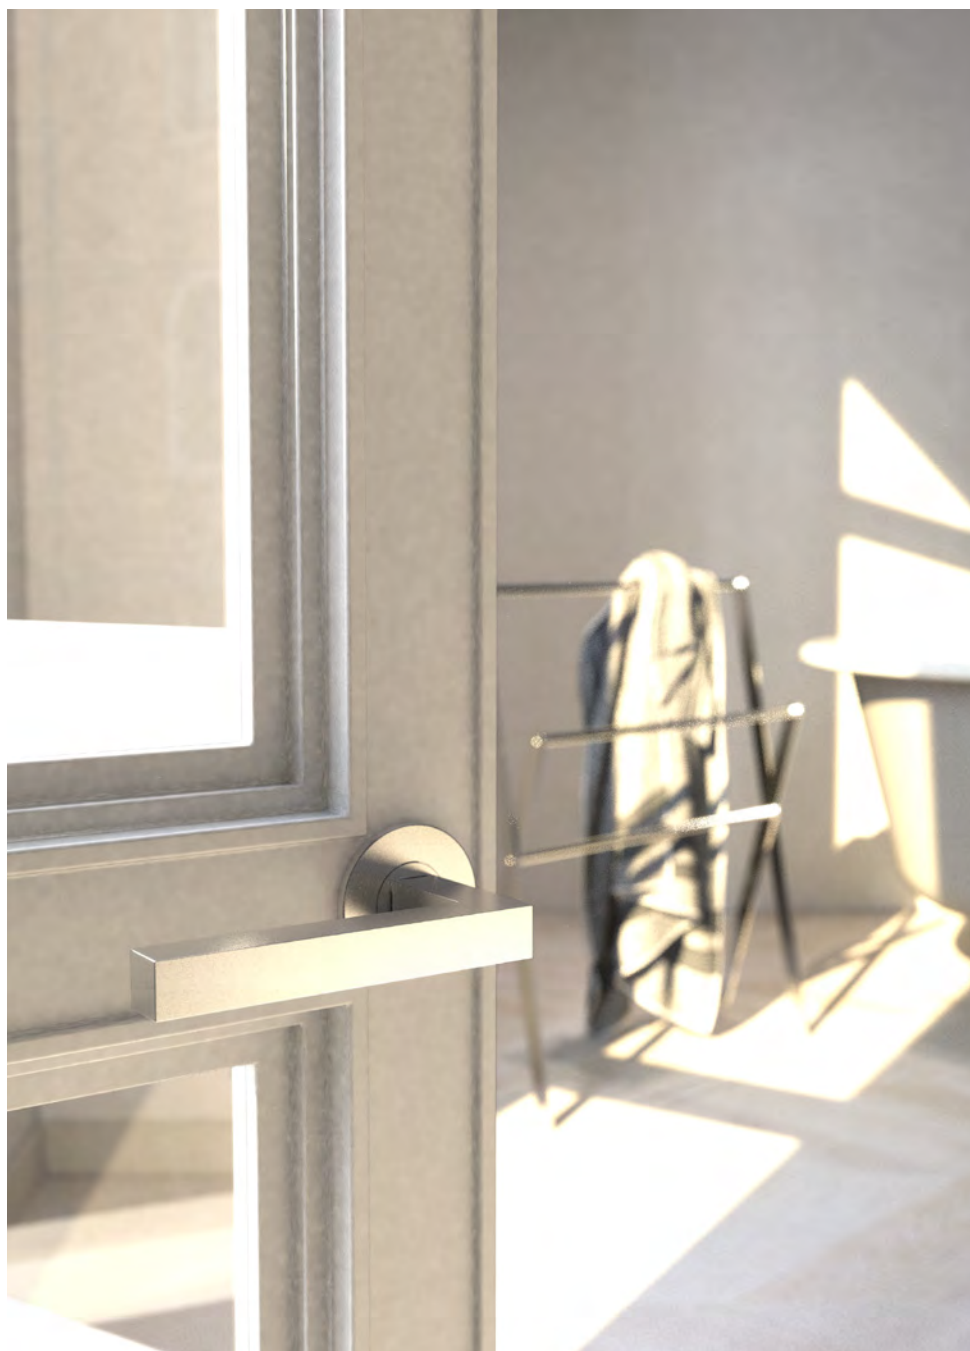

The new Frost architectural hardware concept creates a modern and yet timeless range of hardware such as lever handle, roses, window handles and door stops. It is our aim to offer our clients the final details for their interior project.

For the architects and interior designers, it is possible to achieve perfection in the important details of a building to underline the architecture. The new range is available in eight Frost finishes and it offers the finishing touches and functionality needed in the interior design.

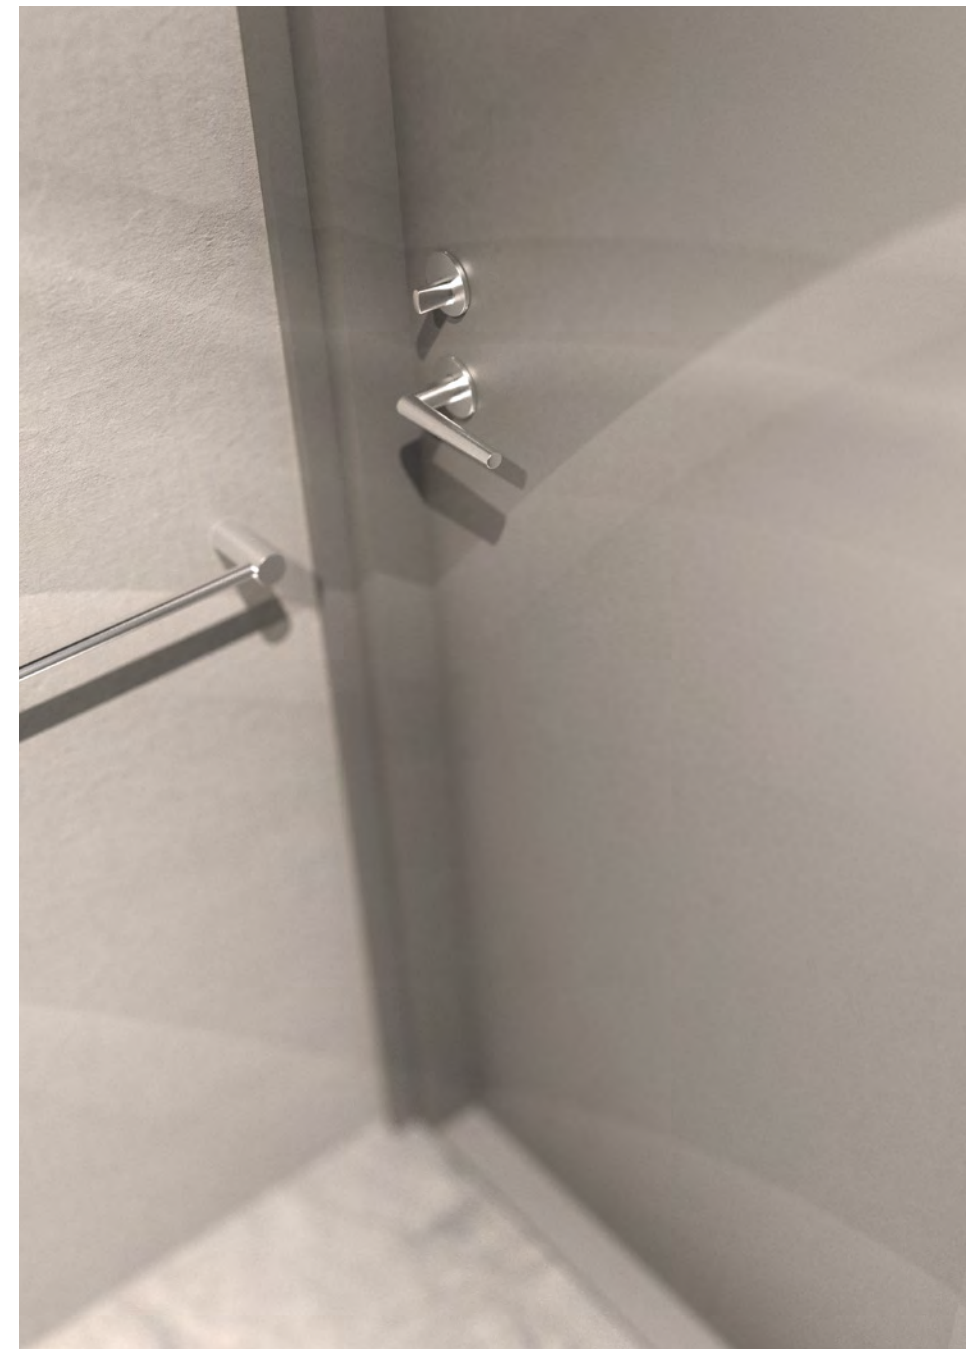

The products are made from solid stainless steel 304.
For indoor and outdoor use.

CARE COLLECTION

CARE Collection includes care products that blend function and aesthetics into one. The products are designed to fit toilets and bathrooms as well as entrances, staircases and waiting areas - in private as well as in public spaces. Most care products in this collection are available in the nine FROST finishes: Brushed Stainless, Brushed Copper, Brushed Gold, Brushed Black, Polished Stainless, Polished Copper, Polished Gold, Matt Black and Matt White. The range of finishes makes it easy to blend the products into existing interior. CARE Collection is part of the NOVA2 series designed by Bønnelycke mdd.

Please see all finishes, complete series and collections on www.frost.dk

NOVA2 SERIES

A selection of bathroom products from the NOVA2 series that easily blend into any interior - existing or new. Consistent details such as the shadow edge between the mounting surface, and the product compliments the discreet and complete series. All elements are interpretations of the meeting between the stringent form, and the cylindrical form - this is quite apparent on the hooks. The products are made from stainless steel 304 and designed by Bønnelycke mdd, who, with a refined sense of simplicity, technical details and stylish fit, has managed to combine aesthetics and function in one and create a range of quality products that will adorn any home.

Please see all finishes, complete series and collections on www.frost.dk
